

# Resume

## Personal information

Name: Maksim Khortov  
Address: USA, Brooklyn, NY  
Phone: +1(718)710-7892  
Email: xoptov@gmail.com  
Telegram: @xoptov  
Skype: xoptov

## Objective

A desired position is Software Developer. I am interested in the development of large, complex WEB application. I have a lot of experience in Web Development and a good understanding of what is going on under the hood. I am also will aware of the principles of the HTTP protocol and how to behave WEB services architecture using SOAP of Restful. Through my experience, I can deal with almost any task set before WEB developer and realize the most daring ideas into practice. I'm a supporter writing optimally neat and clean code in the exact time frame. I like challenges over which we can think to learn something new in the field of software development. I went to problems thoroughly and responsibly, always try to do the right thing from the beginning to the end. Often use of tools to parse and debug someone else code, because it includes fast team work is always focused on achieving results for the benefit of employer.
